

Video Trailer for POST-CINEMA: Theorizing 21st Century Film

Shane Denson, one of the co-editors (with Julia Leyda) of the open-access collection *Post-Cinema: Theorizing 21st-Century Film*, has produced a fantastic video essay about the book, outlining its aims and scope, surveying its contents and showcasing its examples. You can find it at Vimeo [here](#) and at Shane's website [here](#). Please feel free to share it far and wide.
